EDUCATION

University <i>B.S. Software Engineering</i>	March 2026 <i>Current GPA: 3.2/4.0</i>
---	---

Courses: Modern Programming Technologies, Open Source Software Development ,Software Engineering, Software Testing, Object-Oriented Programming, Java Programming, Mobile Application Development , Web Application Development , User Interface Design , Layered Software Architecture Development

SKILLS

Languages: C/C++, Python, Java, JavaScript/TypeScript, HTML/CSS, Vue.js , React $\LaTeX$
Tools: Git/GitHub, Unix Shell, Webpack, VS Code, IntelliJ CLion/PyCharm/IDEA, NetBean

PROJECTS

Cinema Management System <i>Java, OOP, MySQL, Swing, NetBeans, Git</i>	2025
- Developed a cinema management application using Java with Object-Oriented Programming principles - Implemented features for managing movies, screening schedules, and theater rooms with database integration - Designed user interface using Java Swing and followed a layered software architecture - Performed basic software testing and debugging to ensure system stability	
Cinema Management System <i>Java, OOP, MySQL, Swing, Git, NetBeans</i>	2025
- Developed a desktop application for managing movies, screening schedules, and cinema rooms - Applied Object-Oriented Programming principles to design and implement the system - Integrated MySQL database to store and manage movie and schedule data - Designed the user interface using Java Swing and implemented CRUD operations	
Student Management System <i>Java, OOP, MySQL, Git, IntelliJ IDEA</i>	2024
- Developed a student management application to manage student information and academic records - Applied Object-Oriented Programming principles to design system modules and data models - Implemented CRUD operations with MySQL database for storing and retrieving student data - Tested and debugged application features to improve system reliability and usability	

EXPERIENCE

Competitive Programming Club <i>Member</i>	Sept. 2023 – Present
Participate in programming discussions, algorithm practice, and collaborative coding activities	
Peer Tutoring <i>Tutor</i>	2019 – Present
Provide tutoring support for students in programming fundamentals, Java, and basic software development concepts	
University Volunteer Activities <i>Volunteer</i>	2018 – Present
Participate in community and university volunteer programs, supporting student activities and events	

HOBBIES

Gaming
Enjoy playing strategy games such as Rise of Kingdoms, which helps develop strategic thinking and decision-making
Sports
Play sports regularly including tennis, basketball, and volleyball to maintain physical fitness and teamwork skills
Movies & Reading
Interested in watching movies and reading novels during free time
